

Maintenance Therapy in PDGM

Wednesday, June 30, 2021 - From 11:00- 12:30 pm PST

Concerns and questions frequently presented to Kornetti & Krafft Health Care Solutions regarding maintenance therapy focus on proper beneficiary identification, supportive documentation, therapy utilization and billing procedures. Getting this information right is critical for any organization to ensure that the revenue generated by this arm of the benefit is soundly protected in the audit-intensive environment the industry is experiencing. This session intends to provide the attendee/participant with an overview of the do's & don'ts of maintenance therapy.

Objectives

- Understand the regulations and recent clarifications that direct impact the provision of maintenance therapy in home health
- Identify individuals that would benefit from maintenance therapy with current and future referrals
- Analyze core documentation areas that must be present to defend the medical necessity of maintenance therapy.

Presenters

Cindy Krafft PT, MS, HCS-O is an owner of Kornetti & Krafft Health Care Solutions based in Florida. She brings more than 25 years of home health expertise that ranges from direct patient care to operational / management issues as well as a passion for understanding regulations. Years spent in the direct patient environment solidified that this was the optimal setting for the provision of effective and efficient interdisciplinary care as it focuses on functionality and patient centered care delivery. Recognition that the providing care in the home environment presents both unique opportunities and challenges is clear in both training and consultation activities.

Dee Kornetti, a physical therapist for 35 years, is a past administrator and co-owner of a Medicare-certified home health agency. Dee now provides training and education to home health industry providers as Owner/Founder of a consulting business, Kornetti & Krafft Health Care Solutions, with her business partners Cindy Krafft and Sherry Teague. Dee is nationally recognized as a speaker in the areas of home care, standardized tests and measures in the field of physical therapy, therapy training and staff development, including OASIS, coding, and documentation, in the home health arena.
